Villa T3

80,000 €

Vilas Boas, Chaves, Vila Real

Referência: 322/M/02257

The main villa is minimally habitable, with a kitchen, living room, bedroom and bathroom downstairs. On the upper part it contains a living room, a bathroom and a balcony. The second house needs restoration work, but it has great potential, in addition, the warehouse on the side of the house offers a great advantage, and can be used for storage or even converted into extra space. The robust construction, also with stone walls, guarantees the durability and resistance of the property.
