Land with 2,100m2 for the construction of single-family housing, practically flat. This land is located in one of the parishes of the city of Valença further north. Very well located in the center of the parish 10 minutes from Monção and Salvaterra (Spain) and about 6 minutes from Valencia. Benefited by its proximity to the ecopista and the Minho River. Next to it is water and light which is an asset. Good sun exposure and unobstructed views of the village.
