Porto Santo, Ilha de Porto Santo

95,000 €

Referência: 390/T/00026

This incredible plot of 485 square meters is located in the privileged area of Campo de Cima, on the island of Porto Santo. The land has direct access to the street and is close to several local shopping options, which makes it perfect for residential or commercial construction. The property offers ample possibilities for investors and builders looking to create a unique and special space in a prime location in Porto Santo. The land is flat and offers numerous possibilities to design and build a house, an inn, a shop, or any other development that can be imagined.
